James Morgan stress control by Flurish & Silicon film, but tells different invention	5/12/99	
Reviewed by K. Muzeka's copying 08/883,479 Hao S. Double pat. w/ patat 5,571,571	5/13/99	
discussed 102f rejection with Mr. Shane Beck & Jerry Massey		
last Appeal conference w/ Shane Beck Doug McInty	8/8/02	
Revising Ex. Ans D. McInty advised strongly that disagreement with grouping of the elements should be dropped, since this is not a group with significant overlap & no significant differences that were properly discussed had been put back with each other significant issue of patentability.	10/23/02	<i>[Signature]</i>
